

RECOMMENDED VENDOR SETUP AT FARMERS MARKETS UNDER COVID-19 GUIDELINES

Farmers markets and on-farm markets are encouraged to follow the COVID-19 guidance for farm and distribution preparedness, in addition to the following recommendations developed for farmers markets. Consider pre-packaging bags of fruits, vegetables, other items to limit shoppers' handling of food and to keep customers moving quickly along.

- If possible, have a different person handle products and handle money or wash hands or sanitize in between these tasks.
- Remove tablecloths and sanitize tables regularly.
- Eliminate samples. wear protective masks. Consider using an extra table between you and shoppers to ensure 6' distancing.
- Consider options for preorder, prepay, pickup and go.
- Encourage your staff to not handle customers' reusable bags
